MOMMIE RELEASES CHILDREN'S ALBUM: *MOMMIE'S DEAREST*

(July 7, 2009) Raleigh, NC – **MOMMIE** releases its debut CD, *Mommie's Dearest*, and is performing live dates. Their next performance in the Triangle is at **Seaboard Station** in **Raleigh** on **Friday, July 31, 2009** at **6pm** and is a free event. The band will also play **The Factory** in **Wake Forest, NC** as part of **Families After Five** series on **Thursday, August 13, 2009** at **5:30pm**.

Mommie embraces, celebrates and hopes to inspire creativity between parents and children, whatever the medium. *Mommie's Dearest* is a collection of children's songs that will delight listeners of any age!

Back in 2002, **The Connells'** singer, **Doug MacMillan**, was at home with his three-year-old son while taking a break from his busy tour schedule. Suddenly, one morning, his son started chanting, "BULLDOZER! BULLDOZER!" over and over.

Beginning as collaboration between a father and son, the songs evolved, flourished and eventually recorded with the help of adult friends who were eager to be involved, as they too loved creating music with their children. A band needs a name, so naturally Doug MacMillan asked his son what should the band be called. Without missing a beat, he simply said, "**Mommie**."

"Dumptruck" MP3 is available by request and please listen to Mommie songs online at: <http://www.myspace.com/mommiemusic> or at <http://www.cdbaby.com/cd/mommie>
